SEEING DOUBLE NOODLEDUDES

Row A and Row B have two pictures that look an awful lot alike. But there are actually quite a few things that are different. Look carefully to see if you can figure out what they are. Turn the paper upside down to find the answers.

1. Bowtie instead of a scarf. 2. Crown instead of a hat. 3. Carrying a present instead of a candy cane. 4. Gingerbread Man in B instead of a Noodle-o. 5. Facing right instead of left. 6. Mitten, not a stocking.
